

ABSTRACT

TITLE

Assessing the theory Curriculum of clothing & Textiles in Home Economics education of Rana Liaquat Ali Khan Government College of Home Economics.

OBJECTIVES

- 1 To find out the up to date Clothing & Textile study material available for all levels (XI to M. Sc) of Home Economics.
 - a) Clothing & Textiles Research Journals
 - b) Clothing & Textiles Association
 - c) Clothing & Textiles Applicable software
 - d) Clothing & Textiles books
2. To find out the views of students regarding the clothing & textiles study books available in library for them in Home Economics College.

INTRODUCTION

All aspects of society needs influence clothing. By studying clothing & textiles we can understand the social, economic, and political factors, which influence clothing selection. This study would be very helpful for the students of the college, as the new, up to date study material will be searched through internet and market surveys. The up to date and syllabus related books, journals and software will reduce the knowledge gap between our college students and advance related institutes and universities.

METHODOLOGY

- 2 The study is qualitative cum quantitative in nature.

(A) Survey

- 1 Internet search, survey was the research tools.
- 2 The search engine for clothing & Textile books were:
 - www.ebay.com
 - www.clarebooks.com
 - www.plunkettresearch.com
 - www.lib.vcdavis.edu
 - www.textile.info.com
